toneill@aswp.org

Applications accepted until positions are filled

Environmental Education Interns develop practical program facilitation skills through experience with **ASWP's Outdoor Discovery school programming, natural history programming or summer day camps.** Program planning and development included. The completion of an approved independent project required. Training provided.

Applicants should be reliable and energetic, pursuing degrees in education, the sciences, or related fields, with an interest in environmental education, conservation and land preservation.

Travel required. Positions non-residential. For more information, visit aswp.org

ASWP's mission is to inspire and educate the people of southwestern PA to be both respectful and responsible stewards of the natural world
